Hi Austin,

Please revise CORA request #34 to the following, which narrows the request to four specific incident report categories:

Please make available for inspection via electronic format the list (sorted by date) of DOC#'s which incurred incident reports (on a per-incident basis, not aggregated by date range) of (pertaining to the following incident report categories) "Medication Issues", "Drugs - Dealing in Dangerous Drugs", "Drugs - Possession of Drug Paraphernalia", and "Drugs - Possession/Found Dangerous Drugs" at Buena Vista Correctional Facility between 01/01/2018 and 01/01/2019.

Sincerely,

Andrew Johnson  
(802) 825 7661

Unfortunately, I do not answer questions about data or records. I only provide them. Since there is not a specific document that shows these categories I am unable to assist you.

Hi Austin,

Please advise the names of the eleven categories.

After meeting with OPA on this, there are 11 different incident report categories that are related to drug abuse. You will need to narrow down your request in order for them to be able to pull any kind of data
